Product	INCI Name	Appearance	Feature & Application
HONDU KCB-95T(C)	POTASSIUM COCOYL GLYCINATE	White Powder	Mild amino acid surfactant (Patented); Easy to formulate into cream-based products with a soft, bright appearance, delicate foam, a refreshing skin feel, and no preservatives.
HONDU GCK-95A(C)	POTASSIUM COCOYL GLYCINATE	White Powder	Mild amino acid surfactant (Low salt) (Patented); Excellent foam performance and water solubility; Easy to formulate products with bright pearlescence and a delicate texture.
HONDU GCK-30KAS(C)	POTASSIUM COCOYL GLYCINATE	Colorless to Light Yellow Liquid	Full carbon chain original coconut oil amino acid surfactant (Patented); Low odor, rich foam and mild skin feel; new anticorrosive system.
HONDU GCK-30H(C)	POTASSIUM COCOYL GLYCINATE & POTASSIUM COCOATE	Light Yellow Liquid	Mild amino acid surfactant (salt-free); No chloride, no solvent, easy to thicken, rich and delicate foam.
HONDU GCK-35GR(C) (NEW)	POTASSIUM COCOYL GLYCINATE & GLYCERIN	Light Yellow Liquid	Green synthetic mild amino acid surfactant (Patented); Rich, creamy, and bouncy foam; pH low-salt and preservative-free, applicable across a wide pH range.
HONDU GCM-30(C)	POTASSIUM COCOYL GLYCINATE & SODIUM COCOAMPHOACETATE	Colorless to Light Yellow Liquid	Mild amino acid surfactant; Free of organic solvents, with low color, low odor, minimal by-products, and high purity.
HONDU CA-30(C)	SODIUM COCOYL ALANINATE	Colorless to Light Yellow Liquid	Mild amino acid surfactant (Patented); Excellent low temperature stability, dense and rich foam, excellent conditioning performance.
HONDU ACS-95PG(C) (NEW)	SODIUM COCOYL ALANINATE & POTASSIUM COCOYL GLYCINATE	White to Light Yellow Powder	Mild amino acid surfactant; A powder with a unique eutectic structure that rinses off easily and leaves skin feeling fresh and moisturized; Easy to formulate into cream-based products and low irritation.
HONDU ZA-30(C)	SODIUM COCOYL ALANINATE & POLYACRYLATE CROSSPOLYMER-6	Colorless to Light Yellow Liquid	Suspending surfactant; Extremely gentle and skin-compatible; Designed for suspension formulations; leaves skin moisturized and supple after washing.
HONDU LM-30(C)	SODIUM LAUROYL METHYLAMINOPROPIONATE	Colorless to Light Yellow Liquid	Nature gentle surfactant (Patented); Unique conditioning for shampoos; Creamy foam; sensitive skin friendly.

Product	INCI Name	Appearance	Feature & Application
HONDU SCB-95A(C)	SODIUM COCOYL GLYCINATE	White or Off-White Powder and Granules	Mild amino acid surfactant (Patented); easy to formulate into cream-based products, good foam performance and good skin compatibility.
HONDU SG30H(C)	SODIUM COCOYL GLYCINATE	Colorless to Light Yellow Liquid	Mild amino acid surfactant (Patented); Delicate and rich foam, fresh skin feel.
HONDU SG-40GR(C)	SODIUM COCOYL GLYCINATE	Light Yellow Liquid	Green synthetic mild amino acid surfactant (Patented); No chloride, easy to thicken, natural source, delicate and rich foam, moisturizing skin feel.
HONDU GCS-12N(C)	SODIUM COCOYL GLYCINATE	Colorless to Light Yellow Liquid	Mild amino acid surfactant (Patented); Low odor, low irritation, high purity, excellent foam properties, moisturizing skin feel.
HONDU SCG-95(C)	SODIUM COCOYL GLUTAMATE	White Powder	Mild amino acid surfactant (Patented); easy to formulate into cream-based products, rich foam and good skin compatibility.
HONDU SCG-30(C)	SODIUM COCOYL GLUTAMATE	Colorless to Light Yellow Liquid	Mild amino acid surfactant (Patented); Low irritation to eyes and skin; Good foaming and foam stabilization, moisturizing skin feel.
HONDU SCG-30DE(C)	DISODIUM COCOYL GLUTAMATE	Colorless to Light Yellow Liquid	Mild amino acid surfactant (Patented); Exceptional moisturizing, hydrating and conditioning capabilities; Good foaming ability, excellent hard water resistance, non-allergenic.
HONDU PCP-30(C)	POTASSIUM COCOYL HYDROLYZED OAT PROTEIN & SODIUM COCOYL GLYCINATE	Colorless to Light Yellow Liquid	Amino acid surfactant of natural oat (Patented); Good foam stability, hard water resistance, super mild.
HONDU LS30-PE(C)	SODIUM LAUROYL SARCOSINATE	Colorless to Light Yellow Liquid	Mild amino acid surfactant (Patented); Rich foam, wide range of applications.
HONDU LA-90(C) (New)	LAUROYL ALANINE	White or Off-White Powders	Natural & exceptionally mild amino acids (Patented); Wide pH & hard water tolerant.

Product	INCI Name	Appearance	Feature & Application
HONDU TCG-30(C)	TEA-COCOYL GLUTAMATE	Colorless to Light Yellow Liquid	Weakly acidic amino acid surfactant; Highly skin-friendly, delicate and rich foam, easily biodegradable.
HONDU CGA-95(C) (NEW)	COCOYL GLUTAMIC ACID	White Granules or White Powder	Unneutralized amino acid surfactant (Patented); Flexible application, suitable for facial cleanser, shampoo and baby products, etc.
HONDU SLG-95(C)	SODIUM LAUROYL GLUTAMATE	White Powder	Mild amino acid surfactant (Patented); easy to formulate into cream-based products, rich foam, good skin- friendly.
HONDU LG30(C)	SODIUM LAUROYL GLUTAMATE	Colorless to Light Yellow Liquid	Mild amino acid surfactant (Patented); Naturally sourced, naturally mild; Uniquely moisturizing and minimally irritating to the skin.
HONDU ACS-30K(C)	SODIUM COCOYL ALANINATE & SODIUM COCOAMPHOHYDRO-XYPROPYLSULFONATE	Light Yellow Liquid	Foaming amino acid surfactant; Effective foam enhancer, no slippery after-feel, fresh and natural skin feel.
HONDU CR-30H(C) (New)	ARGININE COCOATE	Light Yellow Liquid	Natural amino acid ion-pair liquid soap; 100% natural index, good foam performance, excellent rinsability; Rich in high carbon chain fatty acids, reduce hair/skin moisture evaporation, can moisturize skin.
HONDU CRT-30(C) (New)	ARGININE COCOATE & SODIUM TAURINE LAURATE	Colorless to Light Yellow Liquid	Natural amino acid ion-pair liquid soap; 100% natural index, good foam performance, easy to rinse, reduce the residue; Reduce moisture evaporation of hair/skin, moisturize skin.
HONDU S-A95(C)	PALMITOYL GLYCINE & MYRISTIC ACID & PALMITIC ACID & STEARIC ACID & HYDROXYSTEARI CACID & SODIUM C14-17 ALKYL SEC SULFONATE & CETEARETH-25	White or Light Yellow Powder	A blend of fatty acids and amino acids; Combines the rich foam of fatty acids with the moisturizing benefits of amino acids. Gentle on skin and suitable for sensitive skin.

Soap Based Surfactant

Product	INCI Name	Appearance	Feature & Application
HONDU KC35(C)	POTASSIUM COCOATE	Colorless to Light Yellow Liquid	Natural oil soap-based surfactant (Patented); Rich and delicate foam, no slippery residue and easy to rinse.
HONDU PO30(C)	POTASSIUM OLIVATE	Colorless to Light Yellow Liquid	Natural oil soap-based surfactant (Patented); Rich and delicate foam, no slippery residue and easy to rinse; Moisturizing effect of olive oil.
NAFOCLEA PT-1(C)	POTASSIUM TSUBAKIATE	Colorless to Light Yellow Liquid	Antibacterial foaming surfactant (Patented); Rich and elastic foam, nourish skin, antibacterial; "Top Ten Innovative Ingredients" of China Cosmetics Technology. (Festival 2019)
NAFOCLEA DCK-45M(C)	POTASSIUM COCOATE & LAURYL HYDROXYSULTAINE	Colorless to Light Yellow Liquid	Natural oil soap-based surfactant (Patented); Antibacterial rich and long lasting foam, easy to thicken and suitable for cold processing.
NAFOCLEA DCK-45H(C)	POTASSIUM COCOATE & POTASSIUM COCOYL HYDROLYZED OAT PROTEIN	Colorless to Light Yellow Liquid	Natural oat amino acid surfactant (Patented); Dense foam and hard water resistant, easy to thicken and suitable for cold processing.

Product	INCI Name	Appearance	Feature & Application
NAFOCLEA DCP-30H(C)	POTASSIUM COCOATE & POTASSIUM OLIVATE	Colorless to Light Yellow Liquid	Natural oil soap-based surfactant (Patented); Rich foam, easy to thicken and suitable for cold processing; Moisturizing effect of olive oil.
NAFOCLEA DCB-45H(C)	POTASSIUM PALM KERNELATE	Colorless to Light Yellow Liquid	Natural oil soap-based surfactant (Patented); Rich, delicate and long-lasting foam, easy to thicken and suitable for cold processing.
NAFOCLEA DCB-40M(C)	POTASSIUM COCOATE & POTASSIUM PALMITATE	Colorless to Light Yellow Liquid	Natural oil soap-based surfactant (Patented); Rich, delicate and long-lasting foam, easy to thicken and suitable for cold processing.
HONDU KS-300(C)	POTASSIUM LAURATE & POTASSIUM MYRISTATE & POTASSIUM PALMITATE & GLYCERIN	Colorless to Light Yellow Transparent Liquid	Natural grease soap (Patented); Fast foaming speed, rich foam, easy to flush, easy to add, suitable for cold processing.
HONDU CTA-40(C) (New)	TEA-COCOATE	Light Yellow to Yellow Liquid	Natural oil soap-based surfactant; Rich foam, easy to wash, good emulsification, low irritation.

Mild Surfactant

Product	INCI Name	Appearance	Feature & Application
HONDU MS 50(C)	DISODIUM LAURYL SULFOSUCCINATE	White to Light Yellow Paste	Anionic mild surfactant (Patented); Stable raw materials, mild and low irritation, good emulsification and foaming properties; The best choice for weak acid formula.
HONDU MS 75G(C)	DISODIUM LAURYL SULFOSUCCINATE	White to Light Yellow Granules	High content of succinate (Patented); Easily soluble in water, no dust when used. Low irritation, moderate degreasing power, and very easy to rinse off.
HONDU MS80(C)	DISODIUM LAURYL SULFOSUCCINATE	White Powder	High content of succinate (Patented); Easily soluble in water, no dust when used. This ingredient is highly recommended for weakly acidic cleansing products.
HONDU MES-40(C) (New)	DISODIUM LAURETH SULFOSUCCINATE	Colorless to Light Yellow Liquid	Mild anionic surfactants (Patented); Exceptionally mild with enhanced surfactant compatibility; Gentle cleansing and baby-care formulas.
HONDU CMT-35(C)	SODIUM METHYL COCOYL TAURATE	White to Light Yellow Paste	Anionic mild surfactant (Patented); Rich foam, good compatibility, mild and low irritation.
HONDU CMT-30K(C)	SODIUM METHYL COCOYL TAURATE	Colorless to Light Yellow Liquid	Versatile amino acid-based surfactant (Patented); Derived from natural sources, exhibitting excellent foaming properties across a wide pH range.
HONDU CMT-90(C)	SODIUM METHYL COCOYL TAURATE	Similarly White Granules and Powder	Versatile amino acid-based surfactant (Patented); Low irritant, also reduces the irritability of other surfactants; It has good foam ability under a wide range of pH value.
HONDU CT-12DS(C)	SODIUM TAURINE COCOYL METHYLTAURATE	Light Yellow Liquid	Anionic mild surfactant (Low salt) (Patented); Excellent calcium soap dispersing power and hard water resistance; Good foam stabilization, low irritation, moisturizing skin feel.
HONDU LT40(C) (New)	SODIUM METHYL LAUROYL TAURATE	Milk White Paste at Normal Temperature	Anionic mild surfactant (Patented); Gentle, hydrating feel and easy to thicken and dissolve in formulations.
HONDU LT90(C) (New)	SODIUM METHYL LAUROYL TAURATE	White Crystalline Solid	Anionic mild surfactant (Patented); Superior foam quality; low dusting formula.

Product	INCI Name	Appearance	Feature & Application
HONDU A85(C)	SODIUM COCOYL ISETHIONATE	White to Light Yellow Granules	Anionic mild surfactant; Rich foam, high content, easy to thicken; Apply to facial cleanser, bathing, shampoo, etc.
SAPPCHEM CM48(C)	DISODIUM COCOAMPHODIACETATE	Light Yellow to Yellow Liquid	Super mild amphoteric surfactant; Rich foam, good compatibility, super mild.
HONDU CAB-35(C)	COCAMIDOPROPYL BETAINE	Colorless to Light Yellow Liquid	Mild amphoteric surfactant; Hard water resistance, excellent hair conditioner, synergistic thickening effect with various surfactants.
HONDU C-32(C)	SODIUM COCOAMPHOACETATE	Colorless to Light Yellow Liquid	Super mild amphoteric surfactant; Reduce the irritation of AES system, mild and low irritation.
HONDU CDT-30H(C) (New)	SODIUM TAURINE COCOYL METHYLTAURATE & SODIUM TAURINE LAURATE	Colorless to Light Yellow Liquid	Stable counterion surfactant; Chloride-free, low odor, enhanced hair/skin moisturizing effect, skin feel fresh and moisturized.
HONDU CAE-100(C) (New)	PCA ETHYL COCOYL ARGINATE	White to Light Yellow Powder	Low irritant cationic surfactant; High purity, antibacterial and antistatic; Hair softening and moisturizing properties.
HONDU ST-35(C) (New)	SODIUM COCOYL ALANINATE & COCAMIDOPROPYL HYDROXYSULTAINE & SODIUM LAUROAMPHOACETATE & POTASSIUM COCOYL HYDROLYZED OAT PROTEIN	Light Yellow Liquid	Super mild amino acid surfactant; Natural, safe and mild, rich and dense foam, skin feel moist and not dry.
HONDU ACK-35(C) (New)	SODIUM COCOYL ALANINATE & CAPRYLYL/CAPRYL GLUCOSIDE & SODIUM LAURETH-6 CARBOXYLATE	Light Yellow to Yellow Liquid	Ultra-mild and low-irritation surfactant; Excellent cleansing and foaming properties, outstanding compatibility and stability, superior after-wash feel, and reduced potential for damage to the skin barrier and hair keratin.
SAPPCHEM SLGC(C) (New)	SODIUM LAURYL GLYCOL CARBOXYLATE	Colorless to Light Yellow Liquid	Mild anionic surfactant; Excellent foaming performance & foam stability, enhances system foam richness and density. Low skin & eye irritation, ideal for baby care and sensitive skin formulations.

Makeup Remover

Product	INCI Name	Appearance	Feature & Application
SAPPCHEM MP70(C) (New)	PEG-6 CAPRYLIC/CAPRIC GLYCERIDES & PROPANEDIOL & POLOXAMER 184	Colorless to Light Yellow Liquid	Mild makeup remover ingredient (Patented); Quickly dissolves most types of makeup and impurities; gentler than conventional ingredients; delivers better skin feel.
SAPPCHEM MP80(C)	PEG-6 CAPRYLIC/CAPRIC GLYCERIDES & PROPYLENE GLYCOL & PEG/PPG-25/30 COPOLYMER	Colorless to Light Yellow Liquid	Patented Zero Stimulation Makeup Remover Raw Material (Patented); No odor, turbidity and residue, can be developed for eye-safe makeup products with low irritation potential; "Top Ten Innovative Ingredients" of China Cosmetics Technology Festival 2019.
SAPPCHEM MP90(C)	PEG-6 CAPRYLIC/CAPRIC GLYCERIDES & PROPANEDIOL & POLOXAMER 184	Colorless to Light Yellow Liquid	Gentle raw material for makeup remover (Patented); EWG green, good makeup dissolving ability, with a fresh, moisturizing skin feel.
SAPPCHEM MP767(C)	PEG-6 CAPRYLIC/CAPRIC GLYCERIDES	Colorless to Light Yellow Liquid	Water-soluble moisturizing makeup remover raw material; Delicate cleansing with minimal irritation; Highly suitable for enhancing the smooth and silky texture of cleansers post-application.
HONDU RP-80F(C)	CAPRYLIC/CAPRIC GLYCERIDES POLYGLYCERYL-10 ESTERS & GLYCOLIPIDS & COCAMIDOPROPYL PG-DIMONIUM CHLORIDE PHOSPHATE	Yellow Transparent Liquid	Gentle raw material for makeup remover; No EO, natural, and eye-safe, it can replace makeup remover oil to remove heavy makeup and leave skin fresh and comfortable.
SAPPCHEM TO310(C)	TRIETHYLHEXANOIN & OCTYLDODECYL MYRISTATE	Colorless to Light Yellow Liquid	Mild emollient; Quickly dissolve makeup, with a moisturizing and non-greasy skin feel, gentle and non-irritating, non-acne-causing, non-allergenic.
SAPPCHEM TS-318(C) (New)	DICAPRYLYL ETHER & PEG-20 GLYCERYL TRIISOSTEARATE & GLYCERYL CAPRYLATE & CAPRYLYL GLYCOL	Colorless to Light Yellow Transparent Liquid	Makeup removal oil; Excellent dispersibility for color pigments; Low oiliness, better skin feel, spreadability and application texture, providing moisturizing yet non-greasy skin feel.

Suspension Thickener

Product	INCI Name	Appearance	Feature & Application
SAPPSCIE HC-1(C)	ZEA MAYS (CORN) STARCH & DISODIUM LAURYL SULFOSUCCINATE	White to Light Yellow Powder	Mild suspension thickener (Patented); Efficient thickening, improve shear resistance and foam stability.
SAPPSCIE HC-10PLUS(C)	ZEA MAYS (CORN) STARCH & DISODIUM LAURYL SULFOSUCCINATE	White to Light Yellow Powder	Mild suspension thickener (Patented); Efficient thickening, improve shear resistance and foam stability; Suitable for amino acid, alkyl phosphate, sodium isethionate system.
SAPPCHEM EA90(C)	ACRYLATES/STEARETH-20 METHACRYLATE CROSSPOLYMER	Milky White Liquid	Suspension thickener; Good thickening and suspension properties and good transparency.
SUPCARE HP80(C)	HYDROXYPROPYL STARCH PHOSPHATE	White, Milky White or Light Yellow Powder and Granules	Suspension thickener; Efficient thickening, improve paste appearance, application and foam stability.
BETONE BW(C)	BENTONITE	Off-White Powder	Hydrophilic; Naturally modified bentonite; Good suspension property.
BETONE BO(C)	BENTONITE	Off-White Powder	Oleophilic

Functional Emulsifier

Product	INCI Name	Appearance	Feature & Application
HONDU PEG-150(C)	PEG-150 STEARATE	White to Light Yellow Flakes	Emulsifying synergistic thickener; Improve product viscosity and heat resistance stability; Especially for soap-based systems.
SUPC C39(C)	PEG-250 DISTEARATE	White to Light Yellow Flakes	Highly effective amino acid emulsifying thickener; Enhances product viscosity and heat stability while preserving transparency; Especially for transparent, amino acids and succinic acid systems.
SAPPCHEM EM60S(C)	GLYCERYL HYDROXYSTEARATE & HYDROXYSTEARIC ACID	White to Yellow Flakes	Efficient soap-based emulsifier; Best anti-shear and thickening performance, improve heat stability; Especially for soap-based systems.
HONDU A 165(C)	GLYCERYL STEARATE & PEG-100 STEARATE	White to Yellow Waxy Solid	Non-ionic emulsifier; It is suitable for the preparation of oil-in -water cream; It has excellent emulsification and stability for non-polar oil and good spreading property.
HONDU A25(C)	CETEARETH-25	White Flakes	Non-ionic emulsifier; Suitable for oil-in-water cosmetics.
HONDU EM21(C)	PEG-100 HYDROGENATED CASTOR OIL & ISOSTEARIC ACID & CETEARETH-25	White to Yellow Solid	High temperature emulsifier; Improve the stability of the system and effectively improve the skin feel of the soap-based system.
HONSENMAT LP-30(C) (NEW)	SODIUM DILAURAMIDOGLUTAMIDE LYSINE	Colorless to Light Yellow Liquid	Super emulsifier-amino acid derivatives Strong emulsification & penetration for high-oil/active formulas; Ceramide-like barrier repair; deep cortex hair repair; fresh and silky-smooth feel.
HONSENMAT SG-100(C) (NEW)	SODIUM STEAROYL GLUTAMATE	White Powder	Effective emulsifier-amino acid derivatives Powerful emulsifying performance at low dosage with long-term stability; Excellent compatibility with electrolytes, ensuring high formulation flexiblity.

Efficient Dispersant

Product	INCI Name	Appearance	Feature & Application
SAPPCHEM PC98(C)	PEG/PPG-25/30 COPOLYMER & PEG-6	Colorless to Light Yellow Liquid	Efficient dispersant for soap-based system (Patented); Efficiently disperse soap mass, reduce free base and improve heat stability.
SUPGEL 601(C)	POLOXAMER 184 & PEG-8	Colorless Liquid	Efficient dispersant for soap-based system (Patented); Good dispersibility, improve heat stability, skin feel and foam.
HONDU FH146(C)	POLOXAMER 338	White Solid	Efficient dispersant; Good dispersibility and improve heat stability.
HONDU LH29(C)	POLOXAMER 184	Colorless to Light Yellow Liquid	Efficient dispersant; Good dispersibility and improve heat stability; Suitable for makeup remover.

Skin Conditioner

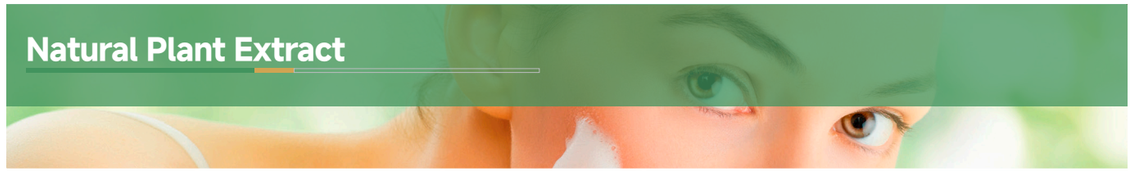

Product	INCI Name	Appearance	Feature & Application
SAPPCHEM MC30(C)	PEG-6 & POLYQUATERNIUM-43 & PEG/ PPG-300/55 COPOLYMER	Colorless to Light Yellow Liquid	Skin conditioner (Patented); Silky, moisturizing and foam-stabilizing properties.
SUPCARE 607(C)	POLYQUATERNIUM-7	Colorless to Light Yellow Liquid	Skin conditioner; Improve foam richness and foam stability; Excellent skin emollient, improve hair carding and anti-tangling.
SUPCARE 608(C)	POLYQUATERNIUM-43	Colorless to Light Yellow Liquid	Skin conditioner; Mild, reduce irritation, increase brightness and improve carding.
SUPCARE 610(C)	POLYQUATERNIUM-43 & POLYQUATERNIUM-39 & POLYQUATERNIUM-7	Colorless to Light Yellow Liquid	Skin conditioner; Cationic conditioner for providing silky skin feel.
SUPCARE 627(C)	POLYQUATERNIUM-43 & POLYQUATERNIUM-7	Colorless to Light Yellow Liquid	Skin conditioner & foam stabilizer (Patented); Improve foam structure and provide silky skin feel.
SUPCARE 640(C) (New)	POLYQUATERNIUM-6	Colorless to Light Yellow Liquid	Skin conditioner; Improve foam performance and skin feeling after washing; Enhance moisturizing.

Active Ingredients

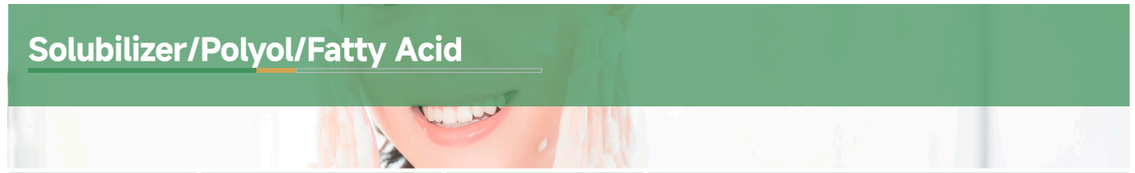

Product	INCI Name	Appearance	Feature & Application
SUPMOIST M200C(C)	COCAMIDOPROPYL PG-DIMONIUM CHLORIDE PHOSPHATE	Light Yellow Liquid	Skin conditioner; Mild, a broad spectrum of antibacterial properties and excellent foamability; Good compatibility with anionic and nonionic surfactant.
SUPMOIST S100(C)	WATER & TREHALOSE & DIHYDROXYPROPYL ARGININE HCL & PENTYLENE GLYCOL & 1,2-HEXANEDIOL	Light Yellow Liquid	Skin conditioner; Multi-moisture locks polysaccharides, boosts skin hydration; conditions, nourishes, smooths hair.
HONDU LAE-200(C)	ETHYL LAUROYL ARGINATE HCL	White to Light Yellow Solid	An antimicrobial cationic surfactant, Ethyl Lauroyl Arginate HCl (LAE), is used as a preservative in cosmetics at concentrations below 0.4%.
HONDU PGA-95(C)	PALMITOYL GLYCINE	White to Light Yellow Solid	A skin conditioning agent (Patented); Helps deeply cleanse, emulsify, disperse, and lubricate the skin while also providing a moisturizing effect.
HONSHENC DP-95S(C)	PALMITOYL PROLINE	White Powder	Hydrates and moisturizes, soothes and firms; Anti-aging and antioxidant; Non-comedogenic and suitable for various skin types, including sensitive skin.
HONSHENC DPS-100(C)	SODIUM PALMITOYL PROLINE	White Powder	Hydrates and moisturizes, soothes and firms; Anti-aging and antioxidant; Non-comedogenic and suitable for various skin types, including sensitive skin.
HONSHENC UP-100(C)	UNDECYLENOYL PHENYLALANINE	White to Off-White Solid	An α-MSH (melanocyte-stimulating hormone) receptor antagonist. It works by preferentially binding to melanocyte receptors, blocking the melanin production signal, and thus reducing melanin formation at its source.
HONSHENC DPHP-100(C)	DIPALMITOYL HYDROXYPROLINE	White to Off-White Powder	An effective and fast-acting anti-aging active ingredient, used to restore skin elasticity, moisturize, and reduce wrinkles; It can be used in combination with products designed to combat skin aging, wrinkles, sagging, or damage from oxygen free radicals.

Natural Plant Extract

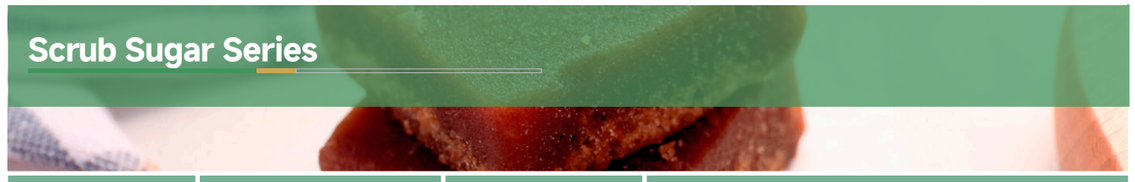

Product	INCI Name	Appearance	Feature & Application
HONDU LB20(C)	PHYLLOSTACHYS PUBESCENS LEAF EXTRACT	Light Brown to Brown Liquid	Natural plant extract (Patented); Bamboo leaf extract obtained by natural spring water at low temperature; It is rich in flavonoids and silicic acid, which has the functions of oil controling, moisturizing, skin brightening, soothing and deodorizing.
HONDU CAT-50(C)	CITRUS AURANTIUM TACHIBANA FRUIT EXTRACT	Light Yellow Liquid	Natural plant extract; Extracted from citrus aurantium, containing alkaloids, flavonoids and volatile oil components; It is endogenously moisturizing and hydrating, proliferating hyaluronic acid, has the effects of soothing, skin brightening, antioxidant and antibacterial.
HONDU CQSEED(C) (New)	CHENOPODIUM QUINOA SEED EXTRACT	Yellow to Yellowish Brown Liquid	Natural plant extract - strengthens hair; It retains the protein, vitamins, and various minerals in quinoa seed, and also contains active components such as quinoa saponins; It provides the ultimate solution for damaged hair follicles or hair that has been damaged by chemical treatments or environmental exposure.
HONDU DK-90(C) (New)	DIOSPYROS KAKI FRUIT EXTRACT	Light Yellow to Brown Liquid	Natural plant extract - helps neutralizing odors; Containing persimmon tannins, polyphenols and other components; It can react with odor substances to form odorless substances, and has anti-oxidation, anti-microbial and other effects.
HONDU LC-70(C)	CAMELLIA OLEIFERA SEED EXTRACT	Yellow to Brown Liquid	Natural plant extract - sterilization; It is derived from Camellia oleifera seeds and contains tea saponin, etc; It has the effects of moisturizing, decontamination, sterilization and anti-inflammatory; It can balance skin oils, effectively tighten skin pores, and nourish and soften skin.
HONDU PML EX(C)	PINUS MASSONIANA LEAF EXTRACT	Colorless to Light Yellow Liquid	Natural plant extract - antibacterial and antipruritic; Rich in flavonoids, vitamins, amino acids and minerals; It has antibacterial, antipruritic, strong antioxidant and other effects.
HONDU SF(C)	PLATYCLADUS ORIENTALIS LEAF EXTRACT & CHENOPODIUM QUINOA SEED EXTRACT & BAMBUSA VULGARIS EXTRACT & PUERARIA LOBATA ROOT EXTRACT	Light Yellow to Brown Liquid	Natural plant extract - thicken the hair and make the hair parting appear narrower; A blend of plant extracts, all-natural, drug-free. Accelerate metabolism, deliver nutrients, stimulate the proliferation of hair follicle cells, thicken the hair, and strengthen the hair.

Solubilizer/Polyol/Fatty Acid

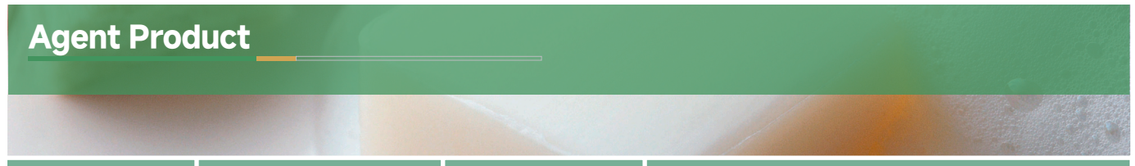

Product	INCI Name	Appearance	Feature & Application
HONDU HD-308(C)	PEG-40 HYDROGENATED CASTOR OIL	Colorless to Light Yellow Liquid	Strong solubilizer; High cost performance; Apply to facial cleanser, beauty soap, shaving, bath and other products.
HONDU PEG-400(C)	PEG-8	Colorless Transparent Liquid	Pharmaceutical grade non-ionic moisturizer, brightening cream.
HONDU PEG-1500(C)	PEG-32	White Flakes	Pharmaceutical grade non-ionic moisturizer; Paste hardness can be adjusted when used with PEG-400.
SAPPCHEM 180K(C)	HYDROXYSTEARIC ACID & STEARIC ACID	White to Yellow Solid	Fatty acids designed for soap base system (Patented); Easy to make stable high foam soap based facial cleanser; Especially for soap-based systems.

Scrub Sugar Series

Product	INCI Name	Appearance	Feature & Application
SUGAR-301(C)	SUCROSE	Brownish Yellow to Caramel Solid	Chinese traditional craftsmanship and ancient methods; Nourish skin, high moisturizing, high skin brightening; New generation of scrubbing particles, green environmental protection.
SUGAR-311(C)	SUCROSE	Brownish Yellow to Caramel Solid	

Agent Product

Product	INCI Name	Appearance	Feature & Application
Protectol DA	DICHLOROBENZYL ALCOHOL	White to Yellow Crystalline Powder	Antimicrobial ingredient with activity against bacteria and fungi; Apply to facial cleanser, makeup remover, bathing, shampoo, etc.
